

I am proud to announce that Canterbury Woods has earned the Continuing Care Accreditation Commission's (CARF-CCAC) full five-year accreditation in the areas of Continuing Care Retirement Community, Person-Centered Long-Term Care Community and Assisted Living. Canterbury Woods is now one of only two communities in New York state to be fully accredited in all three of these categories.

CARF-CCAC represents the ultimate standard of excellence as the only nationally recognized accreditation organization for Continuing Care Retirement Communities (CCRCs) such as Canterbury Woods. We now join a very select group; fewer than 10% of all CCRCs nationally have achieved this accreditation, with even fewer achieving the designation as a Person-Centered Long-Term Care Community.

This tremendous achievement demonstrates Canterbury Woods' passionate commitment to improving the quality of life for the people we serve. At Canterbury Woods, we strive to excel each day in customer service, resident care, assisted living, and skilled nursing. We hold ourselves to the highest standards as an employer and value our employees as paramount in the quality of our community. For all of this – and much more – it is truly gratifying to be recognized as one of the best Continuing Care Retirement Communities in the country.

I would like to thank our Board of Directors, our employees, and the residents of Canterbury Woods for creating and fostering such a culture and community of excellence and caring. For more information on CARF-CCAC, please visit their Web site at [www.carf.org/aging](http://www.carf.org/aging).

Sincerely,

Robert Wallace  
President and CEO, Episcopal Church Home and Affiliates Inc.  
Executive Director, Canterbury Woods
